ON THE RIGHT TRACK

with ID Super Harvey
The Sat Oct. 13 Meet was held at the Royal Canadian Legion in Hamilton on the corner of Upper Wentworth and Limridge Rd. E. Clinics presented were The Hamilton Go Project in the 90's by David Lighheart and Computer Control For Your Model Railroad by Greg Wheyman. Following the lunch break we reconvened at the Hamilton Go Centre on Hunter St. in Hamilton for a tour of the TH&B Railway Museum with George Spencer as our host.

The Jan. 5, 2008 meet will be held at St. Pauls United Church in Dundas, it will be hosted by the Dundas Modular Railway Club. The meet will be a joint meet with CARM, Golden Horseshoe Chapter and The Niagara Chapter of the CHRA.

The next executive will be voted in in the fall of 2008, we will be looking for nominations at the Jan. 2008 Meet.

Custom Wooden Model Railroad Kits
Joe Rutter • 519-376-2983 • joe@fullsteamahead.ca

Joe Ruttler of FULL STEAM AHEAD is giving a hands-on clinic building his laser Garage kit. The cost of the kit will be:

O - Scale Garage - \$20

HO - Scale Garage - \$15

N - Scale Garage - \$12

you will need to bring the following

- Cutting Mat to protect the table
- Pounce Wheel (optional but a few kicking around would help
- Steel Scale ruler
- Pencil
- Small file
- Scissors
- Tweezers
- Xuron wire and plastic nippers
- Pin vise
- Variety of paint brushes
- Plastic paint palette
- Cheap acrylic paints (the colour you want the garage to be and its trim)
- Your favourite glue (formula 560, weld bond, white glue, gallery glass, tacky glue)

NOTE: not every modeler will have everything on the list but if there are enough to go around and share it will make the day a success.

Thanks

Joe Rutter
